MOTHER'S CHOICE

CHILDREN SERVICES

Our **Child Care Home** on Bowen Road is a temporary home for babies and children, including some children with special needs. Our team of licensed childcare workers and medical professionals strives to provide safe, loving and individualized care as close as possible to a family environment. We have dedicated volunteers each week who work alongside staff, bringing a child-to-adult ratio of 3:1, ensuring high quality interactions, responsive care and plenty of one-on-one time to promote well-being.

Our **Foster Care** programs provides a family setting for children whose own parents cannot adequately care for them, so that they may continue to enjoy family life until they are able to reach "permanency", be it by re-uniting with their birth family, joining an adoptive family or living independently.

OUR APPROACH

Loving Care

Access to quality, nurturing care to help form healthy attachments for long-term relationship development. We support our staff, our team of over 500 volunteers, and our foster families to make sure that every child is able to receive individual, loving care from trusted adults equipping them with childcare knowledge and necessary skills.

Commitment to Permanency

Every child deserves a family to call his own, and we work to see children join a permanent family as soon as possible, whether that means reuniting with their birth family or joining a new one. Our many programs to ensure school and family readiness support smooth transitions out of residential care.

Early Intervention Therapy

Immediate access to early intervention services, including medical, psychological, physical, legal, social and academic support, is critical to future development. Our multi-disciplinary team of occupational, speech, and physio-therapists work together to develop an individualized care plan to encourage each child to reach his/her full potential.

OUR PROGRAMS
